

AM/PM Session: Research & Development

Pharma and Lifesciences

Times	Name	Topic
9.40 - 10.00	Margaret Shine and Liz Sheehan – CEO, Researcher-SRL Pharma	Sensory and Consumer Research for the Pharma Sector
10.00-10.15	Alistair Hurst – Sales at Marketing Director , Biotech	SMART Chromatography™ - A New Method for Linearly Scalable Protein Purification
10.15 - 10.30	Manoranjenni Chetty , PhD, MEd, MSc, BPharm – Project Co-ordinator & Scientific Advisor, Simcyp	Simulation of the disposition of molecules in virtual populations to understand their behaviour in man

Food and Agriculture

10.30 - 10.45	Noeleen McDonald – Soil Scientist	The Agricultural Catchments Programme – Achieving the Win-Win - farming intensification and improved water quality
10.45 - 11.00	Dr Mark A.E. Auty – Senior Researcher, Teagasc Food Research Centre	Milk under the microscope – how food structure is a key to innovation
11.00 - 11.15	Dr. Heather Hayes – Director of Food Innovation- Devenish Nutrition Limited United Kingdom	One Health- from soil to society
11.15 - 11.40	Coffee Break and Networking	
11.40 - 11.55	Armin Kukuck – Product Manager, C. Gerhardt GmbH & Co. KG	Present Challenges of Reference Analytics in Food and Feed
11.55 - 12.10	Juan Valverde Ph.D. – R&D Programme Manager, Monaghan Mushrooms Group	How Innovation saved the Irish Mushroom Industry from looming BREXIT!
12.10 - 12.25	Dr. Maurice O'Sullivan – Lecturer of Food Science, School of Food and Nutritional Sciences, University College Cork	Innovative Sensory Methods For the Nutritional Optimisation of Foods
12.25-12.40	Jean Williams – University College Dublin Innovation Academy	Green Infrastructure and the environmental benefits of it.
12.40 - 12.55	Darragh Gaffney – Research & Development Manager, Monaghan Bio Sciences	Developing Enzyme Technology to Invest in a Sustainable Future
1.00 - 2.00	Lunch Break and Networking	
2.00 - 2.15	Dr. Kieran Jordan – Research Officer, Food Safety Department, Teagasc, Moorepark Food Research Centre	Molecular methods for analysis of foodborne bacterial pathogens
2.15 - 2.30	Cormack McElhinney – CEO Entobia, Ireland.	Bioconverting waste food into insect-derived animal feed
2.30 - 2.45	Dr. Achim Schmalenberger – Lecturer in Microbiology, School of Natural Sciences, Department of Biological sciences, UL	The soil microbiome for sustainable agriculture

PM Session: National Health Expo

Sustainable Healthcare

2.45 - 3.00	Gordon Watt – Business Development Europe, Doosan Babcock UK	Sustainability of De-Centralised Energy Systems within the NHS
3.10 - 3.40	Coffee Break and Networking	
3.40 - 3.55	Edith Blennerhassett – Associate Director, Arup	Sustainable Healthcare Design
3.55 - 4.10	Colum Gibson – Environmental Consultant Green Healthcare Programme	Green Healthcare Programme - Working with Irish Hospital's Providing care for people and the environment
